...fabulous, it's a beautiful piece of equipment and I have had many favorable comments on its appearance.

V.E. Consumer Scientist, Chef, and Cooking School Owner. Sierra Madre CA.

....it's awesome. It's the best range / cooktop that I've used.

Caldera

is proud to present the top-of-the line cooktop that's friendly to your bottom line. Whether you're using the full power of the center 18,000 btu burner or the gentle simmering 150-degrees of the small front burner, you will enjoy creating on

a cooktop designed with the cook in mind. With four burner sizes, you have a burner to fit any size pot with perfect efficiency. From the easy to clean tempered glass control panel, the full-surface grates and ergonomic chrome knobs, our attention to detail ensures years of enjoyment, convenience and style.

Caldera's innovative line of cooktops have been recognized by our peers in the industry with 10 major awards including:

- Appliance Manufacturer's Grand Prize for Excellence in Design
- Kitchen and Bath Business' 1st Prize for Innovation in Cooking Equipment
- Appliance Design: Excellence in Design Competition (2004)

With the most powerful residential burner in America at 18,000 BTU, a 150F simmer, full surface grates, electronic ignition & re-ignition, and intuitive controls this gas cooktop has integrated all of the most advanced performance features required by people who love to cook. It's all here.

These Caldera cooktops also feature performance styling with a 304 stainless top, sealed burners, and cast "stainless" knobs. Beautiful to own, easy to clean and a thrill to use.
